Suntreckers Q & A

I am already a member of a landed club, should I join Suntreckers as well?

Absolutely! You have found your naturist home, that's great. We can provide your short breaks and holidays that give you the opportunity to visit different venues with a great bunch of Suntreckers. Enjoy what they offer and take back a few ideas!

We do not have much spare cash, will we fit in?

Treckers are often rather frugal, they like a good deal. Each rally attracts a different overall cost, made up of the fee that the venue charges – often reflecting a group discount that you benefit from, and a small payment to the Rally Officer that covers their running expenses with a meagre amount to keep the Treasurer happy.

What about holidays abroad?

Every year Suntreckers visit Europe with organised holidays that include a few rallies, often in May/June and September. Each rally is normally five to ten nights long and they are located at different sites that are a comfortable drive apart. This combination gives a sociable naturist Continental holiday. Rally officers will make your experience enjoyable and relaxed, they will arrange campsite activities and can assist with your reservations, advise on local activities, transport and much more. If you are new to Continental touring you will be warmly welcomed, our rallies are an ideal way to broaden your naturist touring horizons.

I am single, will I fit in?

Definitely, Suntreckers membership is open to all and we try to keep rules to a minimum. Joining a rally as a single person, male or female, is an excellent way to enjoy the company of like-minded people and the rally officer should make sure that you are not excluded from any activities. We offer a safe and sociable environment for everyone, some rallies may be more suitable than others and consideration should be given to the rules of the sites that we visit, but there are more than enough rallies each year for you to choose from.

Do I have to be a member of BN or any other organisation?

No, you can join Suntreckers without such membership although BN offers benefits to any naturist. A BN membership card can ease access to landed sites but that is not generally necessary if you are on a Suntreckers rally.

What if I join late in the year?

If you join after 1 August, then your membership will automatically be valid until 31 December of the following year. The main rally season usually ends in October, so you can still enjoy some rallies this year. You will receive the current Yearbook with details of rallies and sites and a new rally list will be sent early the following year.
